Dear Mr. Hannan,

Use of 'Flamebreak' Door Blanks By CERTIFIRE Prime Door Manufacturers

Further to your enquiry, I can confirm that Warrington Certification Limited (WCL) has conducted a factory inspection and audit at the manufacturing site of the 'Flamebreak' door blanks and is in possession of initial type test (ITT) data conducted on independently selected test samples.

On the basis of the above, doorsets manufactured by Prime Door Manufacturers using the 'Flamebreak' door blanks are eligible for CERTIFIRE approval.

Existing or new CERTIFIRE Prime Door Manufacturers, who require certification of 'Flamebreak' blank based doorsets, should contact Sheila.arrowsmith@exova.com for an application form.

I hope this information is of interest to you and should you require any further assistance, then please do not hesitate to contact me.

Yours sincerely

A handwritten signature in black ink, appearing to read "Chris Johnson".

Chris Johnson
